

Wigeon Drive SuDS visit

The **Trent Rivers Trust** in partnership with Measham Parish Council and North West Leicestershire District Council are installing a **Sustainable Drainage System (SuDS)** at Wigeon Drive, Measham.

We would like to invite you to see the SuDS under construction and find out how it can help the ecology of the river.

Sustainable Drainage Systems

(SuDS) mimic nature, absorbing rainwater and creating attractive features which benefit wildlife and nature.

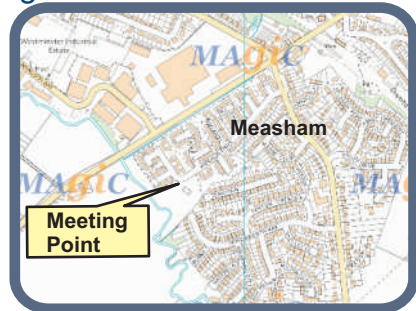

There will also be an opportunity to visit the SuDS at Measham Leisure Centre and do some gardening.

Meeting point:

The recreation ground
Wigeon Drive,
Measham DE12 7GD

Date: Tuesday 15th May

Time: 6.30 - 8.00pm

Please call Alan Graham on 07923878880 or email alan@trentriverstrust.org if you would like to take part in this event.

Come prepared for all weather conditions. Please be mindful that the river bank is likely to be muddy, so don't forget your sturdy boots.

Please note that this event will be held by the river so children must be supervised.
